Professional Summary

Hi, I am Jaylo Ludovice. I graduated with a Bachelor of Science in Information Technology, major in Web and Mobile Application Development. I build web and mobile applications, manage social media accounts, design brand identities, and edit long-form and short-form videos. I have hands-on experience building multi-tenant SaaS systems, real-time dashboards, Stripe payment integrations, and automated AI workflows. I am continuously practicing, building, and studying every single day to grow into an exceptional Software Engineer and Full Stack Developer.

Work Experience

Freelance Full-Stack Developer

Self-Employed / Freelance | 2023 - Present

Technologies and Tools: HTML, CSS, JavaScript, TypeScript, PHP, C#, Next.js, React, React Native, Node.js, Laravel, Flutter, Tailwind CSS, Supabase, PostgreSQL, MySQL, Prisma, REST APIs, Stripe, Twilio, Groq AI, OpenAI API, WebSockets, Socket.IO, Git, GitHub, Docker, Vercel, Netlify, Antigravity, Codex, Kiro, ChatGPT, Claude Code, Gemini, Amazon Q

- Developed websites and full-stack applications for Senior High School, college, and business clients, including e-commerce, inventory, POS, library, restaurant, hospital/clinic, student, employee, appointment, and reservation systems.
- Built authentication, dashboards, CRUD operations, REST APIs, database integrations, admin panels, and role-based access control.
- Handled frontend, backend, database design, debugging, deployment, and client revisions from requirements through delivery.

Real Estate Video Editor / Graphic Designer & SMM

Your Real Estate Experts | 6-Month Contract

Technologies and Tools: CapCut, Adobe Premiere Pro, Photoshop, Canva, Blotato AI

- Edited property tours, listing videos, talking-head content, and short- and long-form social media videos; created graphics, thumbnails, and branded marketing assets.
- Managed social media uploads, scheduling, formatting, and publishing using CapCut, Adobe Premiere Pro, Photoshop, Canva, and Blotato AI.

Municipal Assessor Intern

Municipality of Mabitac | Feb 2026 - May 2026

Technologies and Tools: Excel, Word

- Updated property records, tax declarations, and assessment data in Excel and Word; organized government records and assisted residents with inquiries and document requests.

Web Developer / Video Editor / Graphic Designer

JLR Consultancy | Sept 2024 - Jul 2025

Technologies and Tools: Wix, WordPress, HTML, CSS, JavaScript, Figma, CapCut, Photoshop, Canva

- Developed and maintained Wix and WordPress websites, including migration, customization, and custom code implementation.
- Created promotional videos, graphics, event and marketing materials; designed website and UI layouts in Figma, including product and suit layouts for AltonLane.

Projects

Municipal E-Governance Portal

Technologies and Tools: HTML, CSS, JavaScript, Supabase, PostgreSQL, REST API, Groq AI

- Built a government portal with announcements, events, forms, emergency hotlines, and an admin dashboard. Integrated a Filipino/English LLaMA chatbot through Groq and connected PostgreSQL/Supabase.

CCS Student Services Portal | Capstone Thesis

Technologies and Tools: PHP, MySQL, JavaScript, PHPMailer, FPDF, Chart.js

- Built a student services platform with six user roles, grade management, crediting, OJT deployment, notifications, dashboards, PDF generation, and database-driven workflows.

E-Commerce Admin Dashboard

Technologies and Tools: Laravel, React, TypeScript, PostgreSQL, Supabase, Tailwind CSS, Sanctum

- Built a dashboard for sales analytics, inventory, orders, customers, and role-based access; connected React and Laravel through REST APIs with PostgreSQL and Supabase.

Dynasty Barber

Technologies and Tools: Next.js, TypeScript, Tailwind CSS, Supabase, Stripe, Twilio

- Built a SaaS barbershop platform for appointments, customer management, subscriptions, referrals, and commissions, with Stripe payments and Twilio communications.

LeadFlow AI CRM

Technologies and Tools: Next.js, TypeScript, Supabase, Prisma, OpenAI API, Stripe, Tailwind CSS

- Built an AI-powered SaaS CRM with lead management, sales pipelines, team collaboration, subscriptions, AI email generation, lead scoring, authentication, and third-party integrations.

PropMaint

Technologies and Tools: React, Node.js, PostgreSQL, Prisma, React Native, Xero API, QuickBooks API

- Built a UK social housing maintenance system with job management, client portals, operative workflows, PDF reports, and Xero and QuickBooks accounting integrations.

Additional Websites

Technologies and Tools: HTML, CSS, JavaScript

- Hagdanan Steps of Service: Built a responsive youth organization website with events, gallery, FAQ, contact form, testimonials, and advocacy sections.
- JLR Consultancy Website: Built a responsive corporate website with services, team profiles, careers, contact forms, modal interactions, and custom animations.

Technical Skills

- Programming & Web: HTML, CSS, JavaScript, TypeScript, PHP, C#, Python, React, Next.js, Node.js, Express, Laravel, Tailwind CSS
- Databases: MySQL, PostgreSQL, Supabase, Prisma, Firebase
- AI & Integrations: OpenAI API, Groq AI, LLaMA, Stripe, Twilio, Xero API, QuickBooks API, WebSockets, Socket.IO
- Mobile: Flutter, Dart, React Native, Android Studio
- Tools & Deployment: Git, GitHub, Docker, Vercel, Netlify, Railway, Render, Figma, Postman; UI/UX Design, Cloud Deployment
- AI Coding Tools: Antigravity, Codex, Kiro, ChatGPT, Claude Code, Gemini, Amazon Q
- CMS & Creative: WordPress, Wix, Squarespace, Photoshop, Canva, Premiere Pro, CapCut, Blotato AI
